WHO WE ARE

Girls on the Run of Northern Arizona is a program of North Country HealthCare. GOTRNA is dedicated to creating a world where every girl knows and activates her limitless potential and is free to boldly pursue her dreams.

Our programs – which include physical distancing and safety modifications and can seamlessly transition to completely virtual – are designed to enhance girls’ social, mental, and physical health and behaviors to successfully navigate life experiences.

Girls on the Run supplies volunteer coaches with the training and materials required to provide girls a safe, trauma-sensitive space to learn valuable life lessons. These include coping when things get difficult, demonstrating care for self and others, and identifying what she values.

“

“When you look at the core group of girls participating in the program, you see them standing a little taller among their peers and how they solve problems, speak up and then aren’t afraid to express how something made them feel.” - **Sharon, School Administrator**

THE CURRICULUM

The intentional, inclusive and flexible curriculum shows an evidence-based impact on developing positive social-emotional skills in young girls. Two times per week, trained coaches lead small teams of elementary and middle school girls of all abilities through an interactive curriculum that incorporates running and other physical activities.

Physical Activity

- Physical activity – including running, strength and conditioning and a variety of other movement-based activities like dancing – is woven into Girls on the Run and Heart & Sole lessons
- At the end of the program, all girls complete a noncompetitive, celebratory event that offers girls a tangible sense of goal-setting and achievement
- The program is accessible to girls of ALL abilities and includes movement adaptations

Community Service

- Girls on the Run inspires girls to build lives of purpose and make meaningful contributions to their community and society.
- Girls on the Run participants complete a group Community Impact Project that they plan and execute as a team.
- Heart & Sole participants complete an individual project called Extending the Girl Wheel, where they reach out in small, meaningful ways to an individual or group in their community.

Girls on the Run – Elementary program for 3rd – 5th grade girls

- Supports girls in gaining a better understanding of who they are, recognizing the importance of teamwork and healthy relationships, and learning how they can positively connect with and shape their communities and the world.
- Social-emotional curriculum themes include: turning negative self-talk into positive self-talk, understanding emotions, standing up for self and others, forming and maintaining healthy relationships, and making an impact on the community.

Social-emotional curriculum themes include: getting to know and understand your “Girl Wheel,” goal-setting, overcoming obstacles, asking for and giving help, and positively impacting others.

WHAT SETS GIRLS ON THE RUN APART

IT'S FUN. IT'S EFFECTIVE. IT'S EMPOWERING.

Girls on the Run is the only national physical activity-based positive youth development program for girls with compelling evidence of program impact.

An independent, national longitudinal study provided the following evidence-based outcomes:

- 97% of Girls on the Run participants said they learned critical skills to manage emotions, resolve conflict, help others or make intentional decisions
- Girls who were the least active at the start of the program increased their physical activity by more than 40%
- Girls on the Run made a stronger impact on teaching social-emotional life skills to participants than organized sports or physical education

INNOVATIVE AND DISTINCT EVIDENCE-BASED APPROACH

Girls on the Run was recognized in Harvard University's 2017 report, **Navigating SEL from the Inside Out**, for its innovative and distinct approach to social-emotional learning. Girls on the Run was **one of only three afterschool programs** recognized as a top research-based social-emotional learning program, acknowledging that there are few examples of evidence-based programs like Girls on the Run that have been specifically designed for out-of-school contexts.

- Girls on the Run has served nearly 2 million girls since it was founded in 1996.
- More than 200,000 girls experience the power of our transformational programs every school year
