Vision + Mission

Girls on the Run envisions a world where all girls can know and activate their limitless potential and be free to boldly pursue their dreams. The program inspires girls to be joyful, healthy and confident using a fun, experience-based curriculum that creatively integrates movement.

OVERVIEW

Reach

Each year, more than 1,000 girls ages 8 to 13 participate across Rhode Island and Bristol County, Massachusetts. Since 2012, 6,580 girls and counting have been transformed, inspired, and empowered. Over 60 sites host our program during the 10-week seasons in the spring and fall. Each team completes a participant driven community impact project. More than 1,800 participants and spectators attend our spring and fall end-of-season 5Ks each year.

Inclusion, Diversity, Equity and Access (IDEA)

The organization's core values drive its ongoing and continual commitment to being inclusive, diverse, equitable and accessible. Girls on the Run values the dignity and humanity of all people and is dedicated to doing its part to create a more just and inclusive world for all.

Critical Need

Girls' self-confidence begins to drop by age 9. Physical activity levels decline starting at age 10 and continue to decrease throughout adolescence. Fifty percent of girls ages 10 to 13 experience bullying such as name calling and exclusion at a time when peer relationships become more central to girls' lives.

Curriculum & Coaches

Leading experts in positive youth development create structured and dynamic lessons that use running and other physical activities to promote and support healthy outcomes for girls. The life skills curriculum is delivered by caring and competent coaches who are trained to teach lessons as intended.

Impact

An independent study found that 97% of participants learned critical life skills including managing emotions, resolving conflict, helping others, or making intentional decisions at Girls on the Run. Skills they continue to use at home, at school and with their friends.
