FY26 Impact Report

89.8% of Girls WERE MORE CONFIDENT AFTER PARTICIPATING IN GIRLS ON THE RUN.

NOTES

We all belong at the finish line

As we look back on 2025-26, we are so grateful for our community of participants, families, coaches and Board members, 5K volunteers, and supporters. We see the impact the program has on the girls in the immediate term in the end of season surveys and have learned more about the long-term impact from a longitudinal study completed this year at the national level. None of this would be possible if it were just our little team of five employees! But with the efforts of all of you, we continue to inspire and empower girls across Vegas Valley to activate their limitless potential and become their best selves.

In 2025-26 we served 915 girls in our after-school programs at 60 sites across Clark County, about 75% of whom attend Title One schools. This a reflection of our community and we seek every year to ensure that girls at every socioeconomic level have the opportunity to learn the lessons taught through our program. Financial barriers, geographic barriers, and language barriers are all tackled by our organization, so the girls and their families don't have to on their end.

We are looking forward to celebrating our 15th anniversary (our Quinceañera!) in 2026-27 and expect to serve about the same number of participants as we did this year. The world is changing and with it, our dependence on grant funding has had to shift as well, so we're doing more to engage with individual donors and corporate sponsors. We've launched a few events and hope you'll join us for the Girl Power 5K/10K, Pickleball with a Purpose, and GOTR Night at the Aces. And you're always invited to come see the girls finish their capstone 5Ks at our Fall and Spring Community 5K Celebrations, which are moving to Craig Ranch Regional Park this December!

You have made such a difference in the lives of the GOTR Girls and we'll see the impact of that for years to come. I get emotional at every 5K seeing the girls supporting each other and make it across the finish line. No matter how many years I do this, I don't think that will ever change. Inside, I'm still the 9-year-old with big dreams who feels the encouragement of the Girls on the Run community to go after those goals. Being a part of showing this generation of girls that they are capable of so much, is a gift for which I am so grateful.

Together, we are empowering GOTR Girls to find their strong and pursue their limitless potential, and in doing so, be inspired ourselves. Thank you for being a part of our community!
