

YOUR POTENTIAL REACH & IMPACT

Email subscribers: 8,000

Event volunteers: 300+ per year

Program Participants: 1,300+ per year

Coaches: 250+ each season

Friends, Families and Supporters: 3,000+ per year

Since 2000, GOTR of Western Colorado has provided financial assistance to more than 30% of our participants who otherwise may not have been able to participate in Girls on the Run.

Our actual cost of \$175 per participant includes curriculum books, coach training, staff support, t-shirts for the girls, coach background checks, insurance, GOTR International fees, CPR/First Aid trainings and more.

\$195 actual cost per girl	We are dedicated to ensuring that every girl has an opportunity to participate regardless of her ability to pay.
\$30-95 registration fee per girl	\$100-\$145 funding gap
GOTR relies on fundraising revenue to make up the funding gap. This revenue comes from sponsorships, donations, events & grants.

Calling all Community Partners!

Last year, more 1,800 girls, running buddies, family members, friends and cheerleaders gathered in Western Colorado participated in our GOTR 5K — a celebratory 3.1 mile run which allows 3rd through 8th grade girls to showcase their hard work and accomplishments after a season of learning and growing into confident, brave, and STRONG girls! We are thrilled to unite our communities at our 5K events.

Since 2000, Girls on the Run of Western Colorado (GOTRWC) has been serving girls in our local communities and now has a reach across more than 20 counties across and a network of more than 600 volunteer coaches. The 10-week after-school style program inspires girls to be joyful, healthy, confident using an experience-based curriculum which creatively integrates running. Trained volunteer coaches teach foundational life skills through dynamic, interactive lessons. We continue to have one of the lowest program fees in the country at just \$75 per girl, with scholarships thanks to generous donors and sponsors, who empower girls to keep running, learning and growing.

Our communities need Girls on the Run

- ✿ Studies show that 3rd through 8th grade is a critical period of time for girls to build self-confidence. It begins to drop by age nine and 50% of girls ages 10 to 13 experience bullying.
- ✿ A recent independent study found Girls on the Run intentional life skills curriculum, delivered by highly trained coaches, positively impacting girls' lives by helping them increase their self-confidence, develop healthy relationships and feel good about themselves.
- ✿ At an age when girls are constantly trying to measure up to ideas of who they "should" be when they're still discovering who they are, Girls on the Run shows them their potential isn't just enormous, it's beyond measure!
- ✿ U.S. Surgeon General recently reported "girls who were the least active when they started the program increased their overall physical activity by more than 40%. Effects were sustained at a three-month follow-up. Furthermore, 97% of girls said that they learned critical life skills, including resolving conflict, helping others, or making intentional decisions, and 85% reported improvements in confidence, caring, competence, character development, or connection to others."

By sponsoring this event, we invite you to provide lifelong impact and contribute to happy and healthy communities. Enclosed is a sponsorship packet outlining the impact opportunities available. Please contact us with any questions or ideas for a partnership that you might have at info@gotrwesterncolorado.org.
