WHO WE ARE

Girls on the Run, a 501c3 nonprofit organization, is dedicated to creating a world where every girl knows and activates her limitless potential and is free to boldly pursue her dreams.

Our programs – which include physical distancing and safety modifications and can seamlessly transition to completely virtual – are designed to enhance girls’ social, mental, and physical health and behaviors to successfully navigate life experiences.

Girls on the Run supplies volunteer coaches with the training and materials required to provide girls a safe, trauma-sensitive space to learn valuable life lessons. These include coping when things get difficult, demonstrating care for self and others, and identifying what she values.

“

“When you look at the core group of girls participating in the program, you see them standing a little taller among their peers and how they solve problems, speak up and then aren’t afraid to express how something made them feel.” - Sharon, School Administrator

Our Curriculum

The intentional, inclusive and flexible curriculum shows an evidence-based impact on developing positive social-emotional skills in young girls. Twice a week, trained coaches lead small teams of elementary and middle school girls of all abilities through an interactive curriculum that incorporates running and other physical activities.

Physical Activity

- Physical activity – including running, strength and conditioning and a variety of other movement-based activities like dancing – is woven into Girls on the Run and Heart & Sole lessons
- At the end of the program, all girls complete a noncompetitive, celebratory event that offers girls a tangible sense of goal-setting and achievement
- The program is accessible to girls of ALL abilities and includes movement adaptations

Community Service

- Girls on the Run inspires girls to build lives of purpose and make meaningful contributions to their community and society.
- Girls on the Run participants complete a group Community Impact Project that they plan and execute as a team.

WHAT SETS GIRLS ON THE RUN APART

IT'S FUN. IT'S EFFECTIVE. IT'S EMPOWERING.

Girls on the Run is the only national physical activity-based positive youth development program for girls with compelling evidence of program impact.

An independent, national longitudinal study provided the following evidence-based outcomes:

- 97% of Girls on the Run participants said they learned critical skills to manage emotions, resolve conflict, help others or make intentional decisions
- Girls who were the least active at the start of the program increased their physical activity by more than 40%
 - Girls on the Run made a stronger impact on teaching social-emotional life skills to participants than organized sports or physical education

INNOVATIVE AND DISTINCT EVIDENCE-BASED APPROACH

Girls on the Run was recognized in Harvard University's 2017 report, **Navigating SEL from the Inside Out**, for its innovative and distinct approach to social-emotional learning. Girls on the Run was **one of only three afterschool programs** recognized as a top research-based social-emotional learning program, acknowledging that there are few examples of evidence-based programs like Girls on the Run that have been specifically designed for out-of-school contexts.

A National Movement with a Growing Local Presence

- Girls on the Run has served nearly 2 million girls since it was founded in 1996.
- More than 200,000 girls experience the power of our transformational programs every school year
- Girls on the Run Greater Hartford Council started in 2016 with four teams and 39 girls. Since then:
 - More than 1,000 girls have participated in the program throughout Hartford, Tolland & New Haven Counties
 - Pivoted to a flexible program delivery model (Virtual and In-Person) to be able to continue to offer programming
 - 2021- expanded to Litchfield and Fairfield counties

OUR SAFETY PLAN

COVID-19 HEALTH & SAFETY POLICIES FOR IN-PERSON TEAMS

Healthy Hygiene Policy:

All in-person Girls on the Run teams will be equipped with hand sanitizer that meets the CDC guidelines of containing 75-95% alcohol. Coaches and participants will frequently wash and/or sanitize hands to minimize spread during practices. Coaches will identify key times before and during practice to allow proper hand washing or sanitizing including, but not limited to, joining the team in the practice area, after using the restroom, after removing PPE if applicable, after touching frequently touched surfaces, materials and after coughing or sneezing.

Cleaning and Disinfection:

All Girls on the Run teams will be equipped with disinfectant wipes that are [EPA-approved against COVID-19](#). Coaches will clean and sanitize all equipment at the end of each practice. Girls will be given a bag of individual materials to use throughout the season in order to minimize the sharing of materials.

Personal Protective Equipment (PPE):

Girls on the Run Coaches will be asked to follow guidelines put forth by the CDC and the State of CT. Coaches and girls will be required to wear cloth face coverings continuously when indoors, and when social distancing is difficult to maintain outdoors. Coaches and girls will be expected to supply their own masks. Girls on the Run can provide a limited supply of masks to each team, to be used in the event of a participant or coach not having a mask available, or if the procurement of masks would provide an undue burden on a participant or coach.

Physical Distancing:

Girls on the Run considers spacing of under 6 feet for more than 15 minutes to be close contact. To ensure adequate physical distancing team sizes have been reduced to a maximum of 12 girls. Coaches will follow the *Girls on the Run Curriculum Activity Modification Guide* which includes revised program activities aligned with CDC and State of CT guidance around physical distancing. During practice, coaches will also manage the distribution of materials, minimize the sharing of materials, and provide physical markers to assist the girls in maintaining a minimum 6-foot distance during practice. Practices will be expected to be held outdoors; in the case of inclement weather, practices can transition to virtual delivery.

Hydration:

Girls will be expected to bring a full water bottle to each practice. The providing or sharing of water bottles will not be allowed by girls or coaches.

Pick up Procedures:

Girls on the Run Teams will continue to follow participant pick up procedures consistent with the Girls on the Run Transportation Policy. The presentation of valid identification will still be required, as will the provision of a list of Authorized Individuals to transport each participant.
