Studies show that 3rd through 8th grade is a critical period of time for girls. Their self-confidence begins to drop by age nine and 50% of girls ages 10 to 13 years old experience bullying.

A recent independent study found that the Girls on the Run intentional life skills curriculum, delivered by highly trained coaches, positively impact girls’ lives by helping them increase their self-confidence, develop healthy relationships and feel good about themselves.

At an age when girls are constantly trying to measure up to ideas of who they should be when they’re still discovering who they are, Girls on the Run shows them that their potential isn’t just enormous, it’s beyond measure.

Why It Matters

50% of girls ages 10 to 13 experience bullying such as name calling and exclusion at a time when peer relationships become more central to girls’ lives.

Girls’ self-confidence begins to drop by age 9.

Physical activity levels decline starting at age 10 and continue to DECREASE throughout adolescence.
Girls on the Run Southeastern Suburban PA
makes the program as AFFORDABLE as possible FOR ALL GIRLS

Our actual cost of $226 per participant includes curriculum books, journals, coach training, staff support, t-shirts and cinch sacks for girls and coaches, background checks, school facility fees, insurance, GOTR International fees and more.

Participants pay $195 at standard sites and only $25 at full-scholarship sites (schools with 70%+ of students eligible for free lunch)

Girls on the Run relies on fundraising revenue to make up the funding gap.
