"Girls on the Run has drastically changed my life - instilling the importance of health, embodying confidence, and embracing joy during my 3 years of participation.

These lessons allowed me to pursue my passions while spreading kindness along the way. GOTR's positive impact on my life led me to continue to run in middle & high school, where I was varsity captain of the cross country team.

I just completed my first year at Foothill College, double majoring in mathematics & computer science while swimming for my school's team." - Ally K.
